UKOPA and UK Competition Law

- ❑ UKOPA is an industry group comprised of UK onshore pipeline operators.

- ❑ In line with UK Competition Law the Association limits discussions to non-confidential and non-commercial technical or scientific issues that are relevant to our industry. These include:
 - ❑ legislation;
 - ❑ regulatory compliance;
 - ❑ health, safety, or environmental performance;
 - ❑ corporate and social responsibility; and,
 - ❑ future plans on regulatory policies.

- ❑ UKOPA do not endorse individual vendors or vendor equipment and thus approach this seminar in a similar manner.

UKOPA Organisation

UKOPA Update and Strategy

UKOPA Membership

- Total membership 28

Board members (max 8)

- Peter Davis – Chairman (BPA)
- Grant Rogers (WWU)
- Ian Foster (NGN)

UKOPA Update and Strategy

At the 2019 Strategy Workshop we asked what does the membership want?

- Great engagement with lots of views
- Condensed down to common themes
- Output and work plan to be presented at the October 2019 meeting
- Deliverables to date and in the future
- Feedback on UKOPA 2025

UKOPA Mission

- **UKOPA** exists to provide the recognised and authoritative view of UK Pipeline Operators on strategic issues relating to safety management, operations and integrity management of pipelines. It seeks to effectively influence the development and implementation of pipeline related legislation and standards for the mutual benefit of all stakeholders and promote best practice in the pipeline industry

UKOPA Update and Strategy

Next Meeting:

- Members Meeting 15th / 16th October 2019 in Gateshead

Working Groups

- Emergency Planning Working Group – Andy Middleton
- Pipeline Integrity Working Group – Tim Rudd
