Your ref : 8AP/51/06/12/01

1st August 2000.

Dear Wing Commander Peart,

I refer to your letter of the 24th April regarding the Pipeline Inspection Notification System (PINS), and apologise most sincerely for not responding sooner. The delay in doing so resulted from an administrative error associated with the processing of your letter.

In answer to your queries however, I would advise that the United Kingdom Onshore Pipeline Operators' Association (UKOPA) is made up of Members who have direct responsibility for the operation and maintenance of pipelines in the United Kingdom, and a list of current members is attached for your information. UKOPA itself does not have any responsibility for Members' pipelines and does not hold any records or maps relating to them.

I assume you will have been in direct contact with most or all of the Companies on the attached list but, if not, I would be pleased to provide contact details for your information.

Apologies once again for the delay in responding.

Sincerely yours,

W. P. Jones
Secretary
UKOPA.
