# The Pipeline Industries Guild

---

**The Presenter:**

**Richard Glenister -**  
**Director General,**  
**Pipeline Industries Guild.**

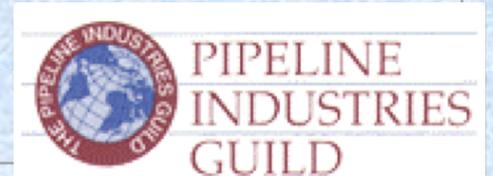

# The Pipeline Industries Guild:

---

**My agenda is:**

- What is the Pipeline Industries Guild?
- The structure and strengths of the Guild
- The objectives of the Guild
- PIG / UKOPA

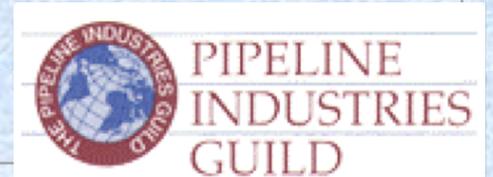

# The Pipeline Industries Guild:

---

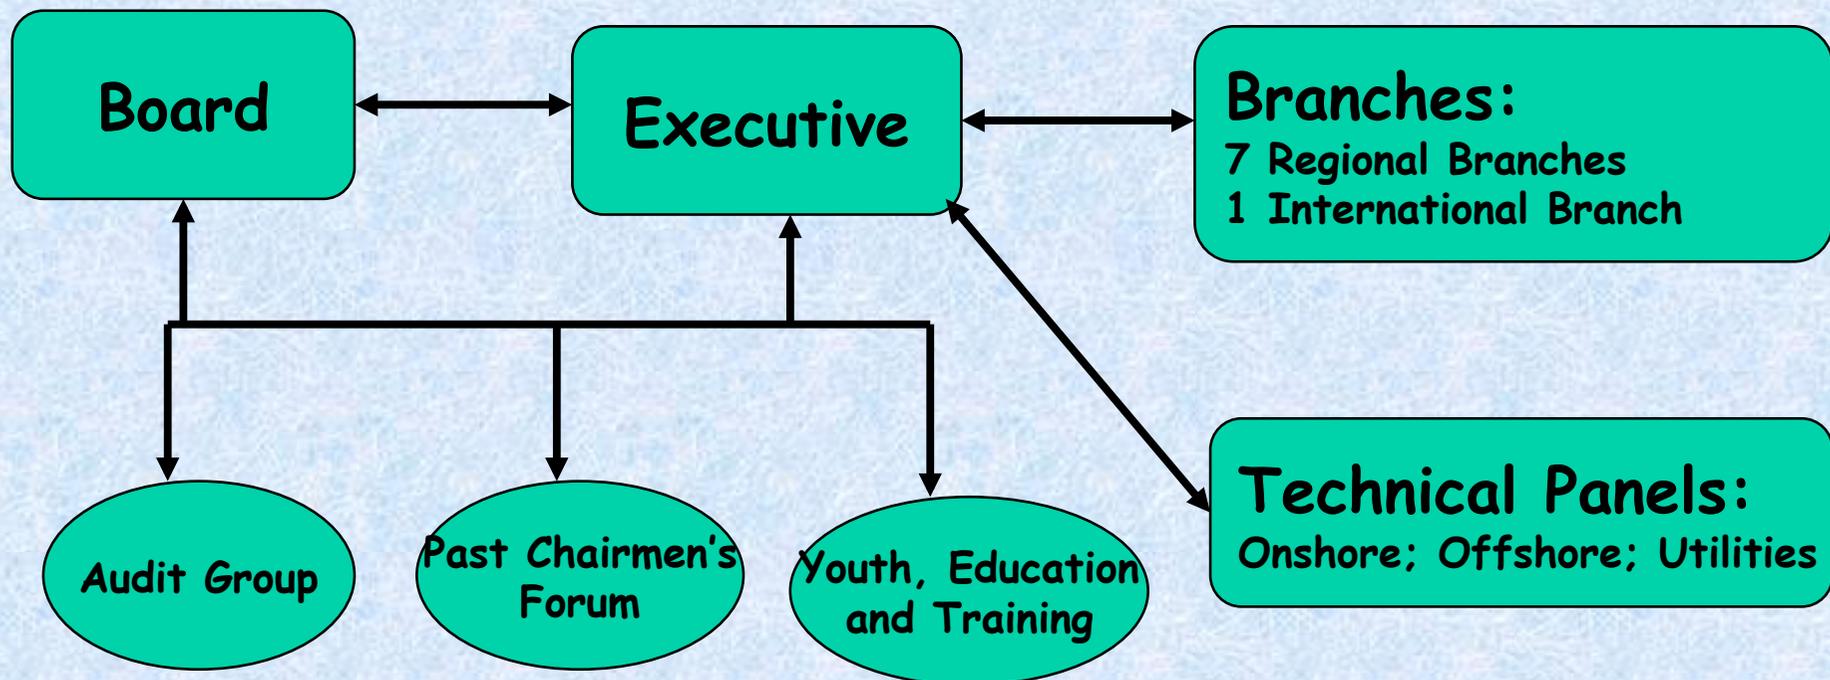

## What is the Pipeline Industries Guild?

- Long established technical organisation;
- unique technical capability;
- association with leading international pipeline companies;
- good facilitator.

# The Pipeline Industries Guild:

**Structure of the Guild:** Secretariat:  
Day-to-day running of the Guild.

# The Pipeline Industries Guild:

---

## Major Strengths of the Guild:

- Impressive list of Members.  
Oil & Gas(on- and offshore); Chemicals; and Utilities. Operators; Contractors; Consultants; Manufacturers & Suppliers; Service Providers and Expert Advisers.
- Strong Branch Structure:
  - ▶ 7 Branches covering UK and Ireland
  - ▶ International Branch
- Technical Panels - Offshore; Onshore; Utilities.

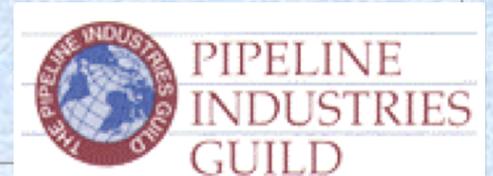

# The Pipeline Industries Guild:

---

## Objectives of the Guild:

- Broaden scope
- Effective networking
- Industry communicator
- Education and training
- Develop young members

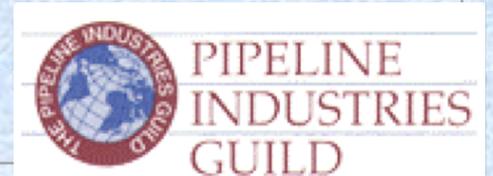

# The Pipeline Industries Guild:

---

## Developing objectives:

- World Federation of Pipeline Industry Associations;
- Communication and Networking;
- Global Training and Education Partnership;
- Development of Younger Members.

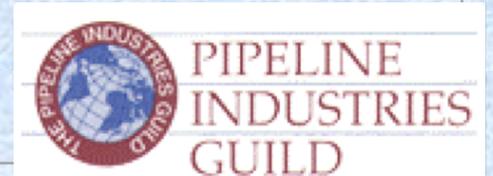

# The Pipeline Industries Guild:

---

## Relevance of the Guild to UKOPA:

- Communication and Networking;
- Exchange of knowledge;
- Understand requirements of the industry;
- Technology transfer;
- Collaborate in training.

# The Pipeline Industries Guild:

---
