Subject: Membership Fees

UKOPA/07/0038

Phill,

Please will you circulate the attached message to all UKOPA members.

Regards
Mark

Dear Member,

The UKOPA Management Council previously committed to inform Members of the level of membership fees for the following year in good time, so that Members can build any changes into their companies' budgets.

The Management Council has reviewed the membership fees for 2008 taking into account all known commitments and activities which support our agreed strategy. The Association has been very successful in many areas, progressing work on a very broad front on behalf of all its members. This success places increasing demands on our funds.

Following extensive discussion, the Management Council have agreed the need to increase the Full Membership fees for 2008 from 12k to 15k and the Associate Membership fees from 5k to 8k.

Please accept this email as formal notification of the change in fees for 2008.

Regards,
Mark
